

# THE TORII TABLE

## DESCRIPTION

*The torii table in oak | dark fumed (oiled)*

A tiered table inspired by Japanese Torii gates and 18th century English tea trays.

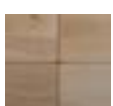

Made to measure to ensure your torii table is the perfect size, with the ideal number of trays. The refined architectural design scales beautifully and works well in any number of spaces, both modern and traditional.

Hand-turned columns, deep splayed trays and solid brass feet give the torii table a strong architectural aesthetic and an enduring construction.
